

JOIN POOL GUIDE

DESCRIPTION

This guide is a manual guide for setting the required permissions for the tron blockchain. It's encouraged to use the automatic button to avoid any manual mistake instead.

This has been created to show the process involved and for transparency purposes.

INSTRUCTIONS

1. Login to your account on Tronscan
2. Enter you account settings. (<https://tronscan.org/#/wallet/account>)
3. Click the "Edit Access" button in the Owner Access section.
4. You will now see a red button that says "+Add new access" in the Active access section. Click it.
5. In the "Add active access" popup, under Access Name you can put anything (E.g. TE_Access), Click the +Add button and select TRX Stake 2.0/Resources Delegate/Resource Reclaim/Vote/Reward Withdraw checkboxes and click Save. In the Threshold box, enter 1. In the Weight box enter 1 and put our address below in the Keys box
6. TEMkRxLtCCdL4BCwbPXbbNWe4a9gtJ7kq7
7. Click Save. The "Add active access" popup will close.
8. Click the "Save" button in the Owner Access section to complete the multi-sig process.
